

WEST SCRANTON

BOARD OF TRADE REGULAR MEETING

PUBLIC IMPROVEMENTS ARE THOROUGHLY DISCUSSED.

Necessity for a Later Collection of Mails Pointed Out and a Committee Appointed to Remedy the Matter—Other Matters Acted Upon. Funeral of John Zintel—Meeting of Republican Club This Evening. Cases Before Alderman John. Other Notes.

A good representation of the membership of the West Side board of trade attended the regular meeting last evening and for an hour and a half discussed needed repairs, the progress of the viaduct ordinance, and other matters of general interest to West Scranton. The most decisive action taken was in reference to securing a later collection of mails along main avenue, and the immediate repair of the streets now in need of attention.

The condition of South Main avenue at the intersection of Luzerne street, was brought to the attention of the board. The surface water at that point overflows the crosswalk and makes it almost impassible. The attention of Councilman Gedshall will be called to the nuisance.

Another matter which requires the immediate attention of the board is the condition of the gutters on Hampton street, between Main and Ninth streets. The secretary was instructed to notify the board of health in relation to the matter.

The sewer discharge from S. H. Mott's property, on South Main avenue, was also referred to and the councilmen of the Fifteenth ward asked to have the matter attended to.

The opening of Pettibone street for vehicular traffic was discussed and a communication will be addressed to the owners of the West Park tract with a view to having the street properly graded. The progress of the viaduct ordinance through councils was discussed, and the members are of the opinion that every opportunity now at hand should be taken advantage of.

Members of the committee who attended council meetings in the interest of the project, reported what action had been taken up to date, and the reports were received and the committee continued. The proposition of W. W. Watson for the sale of the Round's Woods to the city as a public park was taken up for action and the committee in charge of the affair was
